What is Reempresa?

Reempresa is the business for sale marketplace in Catalonia that works to prevent the loss of jobs and shops. By participating in Reempresa, users will have access to a unique marketplace, to support services, expert advice and you will find the support from local public administration and economic operators.

Why it is important to have a marketplace to sell and buy local businesses?

Number of transfers to third parties is increasing in Europe. It is becoming more and more important to facilitate transfer of businesses in Europe. With Reempresa, now we give to entrepreneurs an opportunity to buy a market stall and to take profit of the great services and locations of this local marketplaces.

“ I thought on creating a company from scratch, but to take over one was a much better alternative ”

“ I wanted to retire and Reempresa has provided me with a wide range of possible candidates ”

Why would you take over a Market Stall?

Municipal markets are the engines of small cities and neighborhoods, but also provide an experience of living for citizens. They are important entities for economic development and job creation in each city. Main reasons to take a market stall over are:

- » Less uncertainty and greater chance of success.
- » Possibility of choosing between different locations inside the Marketplace.
- » Warehouses and cold chambers in optimum conditions.
- » Loading and unloading spaces.
- » With spaces of consumption and complementary products.
